

AbraCam™ Pendant for UVC Dome

BRACKET FOR UBNT™ UVC DOME

AbraCam™ Pendant for UVC Dome - Enables fast and easy installation of UVC Dome camera on solid surfaces, with additional off set from the ceiling.

The UVC Dome camera was originally designed only for installation in ceiling tiles. AbraCam™ Pendant for UVC Dome increases the possibilities of placing the camera in virtually any indoor environment and exactly where you need it to be.

Offset from ceiling is variable via stackable aluminum rods (1+4 included in package). This helps to decrease the viewing distance of the scene in case of high ceiling clearance areas (storage, halls, etc).

Bracket is for indoor use only.

TECHNICAL DATA

Materials	UV stabilized and weather resistant ABS plastic Rod - Aluminium 6063 Hardware - Stainless Steel
Flame Rating	UL 94 HB
Wall Mounting	Yes
Operating Temp.	-30 to + 60 °C
